

REMARKS

The Examiner has allowed all claims except for Claim 325. Claim 325 is objected to, wherein the Examiner states:

“As to claim 325, it is not clear what a line between the words “information” and “determined”. It appears that the status identifier of claim 325 should be –Previously Presented--. Appropriate correction is required.”

It is respectfully submitted that Applicant's are correct in their labeling of the Claim 325. Prior to the previous amendment to Claim 325, this claim was amended as follows:

325. (Previously Presented) The method of Claim 468, wherein said obtaining step includes receiving said corresponding instance of the first location information~~first mobile station related location information~~ determined, at least partially, by said first technique.

Upon close review of this amendment, Applicants discovered that the *space* between the words “information” and “determined” had been accidentally deleted as can be seen above. In the amendment to the claims of April 5, 2009, Applicants attempted to correct this error by inserting a space (underlined) between the words “information” and “determined”. This resulted in the following expression: “information_determined”. Applicants believe the expression “information_determined” is correct, and request that the Examiner withdraw the present objection. If the Examiner believes this explanation is insufficient, Applicants hereby provide authority for the Examiner to enter an Examiner's amendment to Claim 325 to amend this claim to provide a single space between the words “information” and “determined” in Claim 325.

For clarity, Applicants have relisted all pending claims in this response, with each identified as “Previously Presented” since no amendments have been made to the claims. It is hoped that this explanation is of assistance to the Examiner.

Accordingly, since all claims are believed to be in condition for allowance, it is requested that the present application be reconsidered. It is believed that no fees are due with the current Response since Applicant's have not added any additional claims. If any other fees are due, the undersigned Applicant requests a phone call at 303-863-2975.

Date: June 27, 2009

Respectfully submitted,

By: /Dennis J. Dupray/
